App G - Sediment Chem Report (DRAFT) (Submitted 19Aug15)v2.docx

Great

Here is Appendix G.

I have comments on the highlighted sections. I did not do track changes. I will discuss with you tomorrow.

The title of the report should be the title of the document, it really is the sediment chemistry report and not physical and sediment characteristics

Great. Thanks, Jeannie. That completes Chapter 9, as I now have Joe's and also George's input.

Hi Bernward

Sorry about that.

Please remove Eric and Tim from the list. They have not participated.

I would delete Steve Wolf as well, he did not manage a contract and did not participate in any of the preparation of this document and participated in very little review.

I am forwarding this to George Wisker.

I also noticed on the DMMP that they did not include any Corps personnel.. just the contractors (interesting).

Subject: Chapter 9: a few remaining entries needed

Hi Jeannie, there are a few remaining entries for USEPA/USACE staff needed for Chapter 9.

Hi Joe, George, could you also give me a few lines for your brief bio?

Thanks,

Bernward

Eric Nelson: Water Quality Unit, USEPA New England

Education: B.S. in Geology, Southampton College of Long Island University

Experience:

Role in Preparing the EIS: Mr. Nelson provided technical and regulatory reviewer for the SEIS.
